## WORD-OF-MOUTH

  "We bought this for our son when he was 4 months old (now 9 months) and he LOVES it. We strap it to him when we're going for a car ride or he's in the stroller and it entertains him for longer than most other toys. Even started putting it in his crib and he'll pick it up and play with it instead of screaming for us to come and get him at 6 am."

- GENTLE MASSAGING - Baby Banana toothbrushes gently massage teeth and gums. The soft, flexible brush helps protect young mouths that are still learning the habits of oral care. The fins help prevent kids from putting the brush too far in their mouths.
- SOFT SILICONE - The flexible silicone material used to make these products help reduce the risk of mouth injury. These products are BPA, latex, and phthalate-free, so they are perfectly safe for babies and newborn children.
- ORAL HYGIENE HABITS - Baby Banana training brushes help to develop good oral hygiene habits at a very young age. When not being used to cleanse your baby's mouth, the brush makes a great toy for playing and teething.
- EASY TO CLEAN - Because these toothbrush teethers are made of silicone, they are dishwasher safe, making them super easy to clean! To help with a sore gum or mouth, these brushes can be placed in the freezer before use.
- AGES 3 TO 24 MONTHS - Great for babies and infants, this toy works great for children ranging from 3, 6, and 12 months up to 24-month-old children. Both boy and girl babies can enjoy the company of the Sharky Brush as they develop and grow.
