Description **Reviews**

Features ERGOFORM Ergonomic Design Technology to help reduce muscle effort that can cause stress on joints, ligaments and tendons
 Considered "Safe for Oral Examination" by going through additional testing to ensure low risk of irritation during intraoral procedures.
 Textured finger surface provides a secure grip on instruments in wet or dry conditions
 Inner polymer coating facilitates ease of donning
 Meets FDA standards for medical exam use - helping to prevent cross-contamination between caregivers and patients
 Protection from Type I latex allergy in healthcare workers and patients
