Sam Watson

Too thin; doesn't support my neck at all.

Reviewed in the United States on June 20, 2018

Verified Purchase

Maybe it depends on the car seat, but for my Lexus IS they're not thick enough. One does not support my neck; it takes both stacked together which they're not designed for, so they're always shifting around and require constant adjustment and looks funny. Super annoying but works after stacking. Almost at the point of sewing them together since no other product on here works for me.

The packaging is reusable

Item arrived next day. The packaging is reusable and it's now my picnic companion now. The rubber band is long enough to cover both front and rear headrest. Perfect match with my black interior.

Perfect for my Volvo

Reviewed in the United States on February 19, 2020

Love my new car - hate it's neck and shoulder front headrests. Tried these because Volvo headrest pillows have fancy Swedish \$80 price tag each. First after pillow was attached passenger immediately noticed the comfortable difference the pillow made. These match

my cars interior, they're a great price, they look pricey, and no more Swedish torture headrests for me and my front seat passengers!

Threw 1 away due to torn seam that wasn't fixable when arrived

Reviewed in the United States on December 20, 2019

They were amazing the first day and after I noticed that one had a tear at the seam and I couldn't fix it. I had to let one go in the trash but I did keep one on my driver seat and it's the most comfortable pillow after I had an accident a few months ago and ended up with a herniated disk in my neck I needed support and this solved the problem just wish I could've saved the 2nd one to match on my passenger.

Excellent Head/Neck Pillows!

Reviewed in the United States on January 29, 2020

Absolutely perfect set of smaller pillows, which was used for my office chair, but could easily accommodate car and other scenarios. I honestly didn't realize this was a pack of two, which makes the value that much better. Great product for the price!

Perfect for neck support

Reviewed in the United States on September 16, 2019

Verified Purchase

We got these for a long car trip. They are great support and very comfortable. The reason I deducted one star is because the head rest it goes over must be small enough for the elastic to go around. You can't use it on any larger type back rest. If it had velcro that would probably have gotten it 5 stars!

 I like turtles

If anything they are too thick!

Reviewed in the United States on April 3, 2019

Color: Beige **Verified Purchase**

I think they are great for the price paid. W/ the headrest all the way up (I'm extra tall) there was a large void in the SUV seat. This fills that void perfectly. I'd imagine on a long car ride it/they would double very nicely as a quick fix lumbar support.

Thanks for the fair price.

Perfect. Thank you.

Great product ! A little too firm for me , so I opened the zipper and took some stuffing out. If you choose to do this be prepared its tricky to get it zipped up again because theres so much stuffing. The leather matches my seats perfectly. 2013 mazda 3 seats for reference.

Great pillow to support good posture!

Reviewed in Canada on September 24, 2019

Love these pillows! They make such a difference in my sitting posture, especially for long drives. Good quality pillows that support your neck well. Plus the value is pretty good.

Sometimes hard to drive if my hair is tied up and the pillow gets in the way but that is a given anyway.

Overall would recommend to friends/family.

There good looking. But there not soft enough and stock out a bit to much. I think they need to be flatter to be more comfortable
