LIQUID
CRYSTAL

Premium Technology Design Partners

About Us

Liquid Crystal is a boutique technology design studio and strategy firm, created exclusively for luxury clients and prestige brands.

We are a specialized business unit with over 30 years within the luxury sector and expertise in the relevant new technologies of the next decade. Our mission is to provide our clientele with premium in-house execution and support within software engineering, visual identity design and strategy consulting.

More information on our services and case files of selected assignments are available upon request.
