Setting and Operation

If the machine is on working status, all other buttons will not be functional, you'll have to press the on/off button to pause it first.

-1, How to set the filling volume ?

The filling time decides the filling volume .Thus we actually should set the filling volume .

- Press "program option button"

It can switch between 6 different setting records, which you can configure and save to cope with different filling requirements.

- below the LED panel, these are Parameter exchange button & parameter choice button & Increase & Decrease buttons ,and they are used for setting

-After you finish the setting, then long press the parameter set button to save the settings.

-2, how to operate the machine

- continuing /inching button : it's used to switch to manul and automatic.

The pedal is required in manual mode and the interval setting will be ignored.

-On/Off button : press On to run filling ,and press Off to stop it .

Trouble shooting

No water coming out?

Usually this is caused by a dry pump, 2 ways to tackle this.

1.Try to suck from the nozzle to help the machine drawing liquid.

2.Open the machine shell, and unscrew the cover on the pump and get some water into the pump.
