Package Dimensions: 4.33 x 1.97 x 3.94 inches

Item Weight: 9.6 ounces

- 10 magnification with 25mm objective lens provides high definition without a color-changed or blurred image. The 10 magnification boasts a viewing field of 362ft at 1000 yds, so you'll be able to observe a great deal without actually adjusting their position.
- Fully multi-coated optics provide for a brighter view and sharp images. All glass surfaces have multiple coatings, resulting in light transmission of 96.48% for bright, sharp and contrast images, and non-chromatic aberration. Based on this these binoculars also provide low light night vision.
- Lightweight, small, compact binoculars. The foldable design and only 0.6lb lightweight make them can be folded into palm-size, so it's ideal for an even broader range of long-distance pursuits. You wish there were binoculars set in your backpack. No need to keep regretting about your trips when get these affordable and compact binoculars.
- The rubber armor ergonomic design and steady grip allows for accurate focusing, and have shock-resistance, anti-skid features while the design is slim and simple. Rugged construction rubber eye relief provides comfort for spectacle wearers, as do a dioptic adjustment ring and the strap mount.
- Binoculars for adults and kids. These binoculars are fully competent and able to work for bird watching, hunting, hiking, travel, sports events, theater and concert. Also ideal great gifts for Christmas, Father's Day and boys girls gifts.
