Great smaller Quantity Security Cam Batteries

Love these batteries! Fairly quick charge and are holding up really well so far! Using on security camera! Also perfect because I had previously bought a charger and these were about the only ones I could find without the charger included unless I wanted to buy in bulk! Great option if you add on camera!

The battery provides excellent support for my hi power MAG-LITE, MAG-TAC LED, holds the charge very well, pricing was reasonable for the 8 pack. Recommend for applications that take up a lot of energy to function.
