Description **Reviews (0)**

Soft and Durable.The system "traps" air creating a thermal barrier keeping the warmth in the winter gloves.These unique layer combines with the polar fleece lining to keep your hands in these thermal gloves warm even when temperatures plummet in the range of - 20 Fahrenheit to 0 Fahrenheit.

PERFECT COMBINATION OF SOFTNESS AND COMFORT-Fleece Winter Sports and Deerskin Leather Gloves for Men and Women are made of a Deer Suede Leather palm for superior grip and protection and polar fleece for thickness, warmth, and comfort.

ELASTIC WRIST CUFF - The shirred elastic wrists of these cold weather gloves allow you to keep the cuff closed around your skin, keeping the cold wind out.

Hollow thermal fibers wrapped in microporous sponge creates an internal heat cycle inside the cold weather gloves. Keep your hands warm in cold weather even when the temperature drops to between -20 Fahrenheit and 14 Fahrenheit. Please e that -20 Fahrenheit is the extreme temperature for these gloves,and the comfortable temperature for these gloves is 0 Fahrenheit.

Provide firm grip for these leather gloves on tools and comfort for outdoor sports.

winter driving gloves

Deerskin will harden in cold weather. Flexibly operate: Driving Cycling Motorcycle

Handheat keeper - keep warm in winter. These thermal gloves are perfectly suitable for: Skiing Snowboarding Snow ball games

Warm and Wear-resistant insulated gloves Good for light winter work: Home Chores Shovelling snow oil pipe checking

Winter sports and men and women,the palm has excellent grip and protection, the thumb and forefinger use Press screen, you can easily play electronic products, waterproof material on the back of the hand, so that you no longer worry about getting wet The palm is always comfortable and warm.

The elastic wrist of the cold-proof glove keeps the cuff around the ski
