A HIGH-POWERFUL LIGHT WHERE YOU NEED IT MOST. Ultra-bright 35 Watt LED light with 2 brightness modes: High (6,000 lumens), Low (1000 lumens). At 6,000 lumens, it's significantly brighter than many higher-priced spotlights and flashlights. Ultra-long illumination range up to 800 meters Makes it a long distance spotlight flashlight. Besides, it's a powerful camping floodlight and warning light.

HIGH QUANTITY MATERIAL & Waterproof: This flashlight is made of high intensity engineering ABS plastic, comes with fully enclosed structure, explosion proof, dust proof and shock proof. IPX5 waterproof protect it from splashing water from all angles.

POWER - UP TO 20 HOURS. Stop searching for batteries that are never there when you need them. This spotlight is made with a long-lasting, rechargeable 4.3 volt 18,500 Lithium-Ion battery with serious storage power (9000 mAh). A full charge is made to last longer than virtually any other flashlight - from 10 hours at 6000 lumens to a whopping 30 hours at 1000 lumens.

SO LIGHTWEIGHT & COMPACT with ADJUSTABLE STRAP AND YOU CAN TAKE IT ANYWHERE. This Handheld Flashlight weighs less than 1 pound (15oz) and measures just 9in long and 5in wide, together with our shoulder strap, so it's easy to carry and hold while walking or hiking outdoors. Besides, It might be a emergency power bank to your phones in your hand when without outlet, and you won't get tired of holding it.

IMPORTANT: There is an ongoing soldering issue that prevents a small percentage of spotlights from working properly. We have managed to reduce the rate of these faulty units considerably, but not yet completely. We feel very bad about it and are actively working on solutions.
