

Wick

Wick is designed with the belief that light is meant to be shared: it is the connecting tool that humanises moments of our lives. Creating a place to gather, Wick is designed to be a companion, to join in adventures and create togetherness and ambiance every time. Wick is a call from our past to the future. It's the opportunity to mindfully light the present. Combining the romance of a candle with the utility of a flashlight, Wick adapts to and fits a broad variety of contexts, from an intimate home to a bustling restaurant patio, to a warm office kitchen.
