Wt Make space for possibilities

\$899.00

DESIGN
Bring your vision to life. Our design software calculates cost to the penny with no upcharge for complexity or customization. Explore your future space in virtual reality and modify in real time.

BUILD
Advanced manufacturing means modular components are built in 21 days or less. Then they're shipped to site for a fast and clean install. Ditch the surprises and run more efficient projects.

EVOLVE
Adapt on the fly. Reconfigure with ease. Relocate components or repurpose to protect your investment. Whether it's small or big changes, your interior can evolve to stay relevant over time.

"Specsources was the best spec writing software that Wilson Associates has invested in."
 Connie Jackson

- AN INCREDIBLE TIME SAVER**
 The leading FF&E spec writing software for hospitality, commercial and healthcare interior design.
- Easy-to-use interface
 - Collaborate real-time with other team members.
 - Professional spec sheets and spec books.
 - Over 60 budget reports.
 - Link COBs and COLs and track citys.
 - Drag-n-drop images from the web or other projects.
 - Insert Project or Item PDFs.
 - Robust copying tool for items or projects.
 - Mandarin Language built-in.
 - Phone and email support included.
 - SQL Server or Express Database - far superior to Access or FileMaker.

SPECBIM - REVIT INTEGRATION

PASS DATA FROM THE MODEL TO THE SPEC BOOK

Eliminate manual counts and data inaccuracies between the Revit model and the Specsources spec book.

SpecBIM is an Add-in for AutoCAD, Revit.

- Seamlessly pass the Control #, Area, Location and Qty from the Revit model into the spec book.
- Pass any Revit parameter into Specsources' ideal for government work.
- Create a virtual Room Type and copy the contents to any other Revit Room without weighing down the drawing with hundreds of actual objects. Ideal for hospitality.
- Compatible with Revit 2009-2020.
- Specsources' Professional must be purchased to use SpecBIM.
