(Register online and you can also schedule a call appointment instead of calling.)

- This is the ability to call and do a consultation over the phone instead of going to the doctor or help make the determination of should you go to an urgent care or hospital. In many cases they can also call in a prescription for you. Keep in mind if you have something serious call 911 or go to an emergency room (Hospital). MD Live offers the entire household (up to 6-members) fast and convenient access to board certified physicians and nurses 24/7/365.
- Register you and your family so that you are in their system. When you do have to use the service for the first time for a consultation you will not have to go through this process.

When visiting any of the medical professionals and/or pharmacy within your network, you will want to be sure to show your CHAMP Plan card or from your CHAMP Health Wallet App at the time

of your appointment or pharmacy pick-up to ensure you get the most out of your CHAMP benefits. Please be sure to check on the above sites to verify who is in network before using.
