★★★★★ **Super easy and fun!**

I created this jacket for a Christmas party I went to with a Diamonds and Denim theme. It worked great! I had a lot of fun creating this jacket, and might even put a design on the back when I get more time. The whole project took about 2 hours from start to finish, and I LOVE the result! Sam was extremely helpful when I had questions, and would absolutely buy from this supplier again.

Worked well. I wasn't sure about which tip to use at fist so had to play around with it, but worked well once I got the hanf of it. Crossing my fingers that it lasts for a while. Will update after I've used it a few more months to see if it holds up.

This kit includes everything you need to get started on adding rhinestones to any fabric - hats, costumes, shoes, etc. The kit is well organized and easy to use, and customer service cannot be beat! I had a problem with one of the applicator tips and the customer service team fixed it right away. Very pleased with this purchase!

★★★★★ **Good**

Reviewed in the United States on June 26, 2020

Whenever I visit my niece and nephew, I try to bring something to play with that is fun and age appropriate. The whoopee cushions are good for kids of all ages, but they get tired of it after a while. For my niece I got this. I tested it. It's easy to use, and the rhinestones stay on well. The only thing is that most of the stones are very small making it hard to work with and at the same time not having much effect unless you put on a huge amount.

It's good, but I just recommend larger stones.

★★★★★ **BEAUTIFUL GEMS AND GREAT INSTRUCTION MANUAL FOR NEWBIES LIKE MYSELF :)**

Reviewed in the United States on August 29, 2020

Shipment was quick, crystals all packed nicely in separate compartments. 3 boxes of crystals and a bag with 5 compartments for the bigger rhinestones. The wand was in a tall ziplock bag all secured inside a black zippered "makeup" type bag. The three tools were inside as well along with a nice thank you note. I'm very excited to try this as I've never hotfixed before and have recently got into crafting and thought I'd give this a try. Very eager because these are so pretty!
