Specifications:

USB rechargeable design is with a DC charging interface, which can be directly charged with a USB cable to ensure convenience and environmental protection.

10 vibration modes provide relief for tired feet, legs, neck, back and shoulders.

The body is safe and super soft, because it is made of high-quality ABS and has an extra smooth surface. It is absolutely safe even for sensitive skin and sensitive parts.

Waterproof design allow you to use it outdoors, swimming pool, beach, bathtub, etc. Please check whether the silicone charging port is intact before using it in water.

The perfect size will easily fit your handbag and carry-on luggage for you to feel intimate at any time.
