

SPECIMEN 1 - WEB - Date Accessed: 9/21/2020

<https://thefractalforge.com/abyss-search/>

The screenshot shows a web browser window with the URL <https://thefractalforge.com/abyss-search/>. The browser's address bar shows the URL and a "Top Hit" dropdown menu. The page header includes the "Fractal" logo and a navigation menu with items like "HOME", "ABOUT", "SOLUTIONS", and "SERVICES & SUPPORT". A user profile icon labeled "Fractal" is visible in the top right corner.

The main content area features the word "ABYSS" in large, bold, grey letters. Below it is a search bar with the placeholder text "Search and discover the unknown using ABYSS..." and a magnifying glass icon. At the bottom left of the main content area, there are links for "Privacy", "Terms", "Feedback and Support", and "Settings".

ABYSS™ Search Technology

The ABYSS™ Search platform is a breakthrough technology that enables organizations to predictively search on critical information contained within their Content Encyclopedia®. Utilizing a combination of newly designed search and discovery algorithms, along with the power of the IdeaBlock™ methodology, ABYSS™ Search enables users to find more detailed and granular information in a faster and more meaningful way.

Pairing ABYSS™ Search with other technologies such as the IdeaBlock™ Creator Portal, Blockify™, and the LASER Team™ Admin Panel enables an organization to achieve levels of control and governance of content and data that has not been previously achievable through traditional content management means. Through a combination of these tools, your organization is able to achieve a state of Agile Content that can increase your speed to response, flexibility and accuracy of materials, and a level of audience content depth and detail that was previously impossible.

SPECIMEN 2 - PRINT BROCHURE COVER
