★★★★☆

It took several weeks to deliver them (europe). It looks very natural and it's more of a cool tone instead of a warm/golden one like it seems in the picture. At first glance it seemed very pale and I was afraid it will look like it's just a few specks of yellow, but the lenses cover my natural eye colour very good (I have dark brown eyes). Thicker than my usual monthly or daily contact lenses, so I'm sure I can use them for 12 months like described. I definitely recommend the lenses, but it's ju...
