

Make informed logistics decisions with FreightWise TMS

CLIENTS ACROSS THE COUNTRY USE THE FREIGHTWISE TMS TO:

- Manifest, route, and track shipments throughout their supply chain

time

- Enforce policy compliance across branches, locations, and vendors
- Improve their customers' experience with faster transit times and carrier performance
- Rate shop between Parcel, Hundredweight, Ground With Freight, Multiweight, and LTL
- Compare parcel pricing between UPS, FedEx, and DHL on the fly
- Print pick sheets, packing sheets, and shipping labels,
- Write data back to ERP / WMS systems (integration required)
- View their spending trends: cost per mile or pound, freight cost per client, etc.
- Robust cost accounting functionality (GL coding)
