On the Mark

Cross Trail Outfitters has an AMAZING tool that was developed by our founder called TIC-TAC-TOE Shot Placement Exercise. This hunting tool is such a great design, that it has been trade marked and copyrighted so no one can use it to financially gain. It's been shared with thousands of kids and people throughout many states. However, there's much more to this than just teaching someone the skill of shooting a deer or a big game animal.

'Missing the Mark' is defined as the Greek word for SIN. While hitting the mark is the bullseye, and what most of us aim for throughout life. However, and humans, we all miss the mark, everyday, and continue to struggle with striving to do it on our own.

But when you hit "The Target of Life", when you start reaching for Jesus and allowing His Spirit to guide you, there is nothing you and Him together can't accomplish! And ALL SIN is Forgiven.

Thank you to the landowners, and all of the volunteers who participate in these adventures along side of us, and help orchestrate in these outings! Thirteen deer, a Giant Hog, and 1 beautiful bobcat harvested at the T9E Ranch this weekend~ Get your kids signed up today at www.teamcto.org/texas
