Description

Reviews (1)

- **STRONG STICKINESS SUCTION** - TED Adhesive suction cup and Shakeproof with 10kg Suction Power to keep firm on windshield.
- **HD Anti-glare Function** - Providing a clearly view as well as superior mirror quality through day and night benefitting from high toughness glass fiber composites material.
- **BROADER VIEW DESIGN** - 360 Degree Angle Adjustable Design promotes flexibility of usage. Perfect visibility and wider view experience dued to shorter supporting arm. Bracket-rotated Adjustment and Screw Control Design to prevent shaking from windshield.
- **EASY INSTALLATION & MAINTENANCE** - Easily attached on any clean , smooth and non-porous surface to improve safety awareness. Easily washed even if there is dust stuck, just washing with water and stand still for drying, finally restored.
- **UNIWEARSAL APPLICATIOON** - Suitable for most transport such as cars, vehicles, SUV, Trucks and boats to broaden visibility and eliminate blind spots for a safer driving.
