

jjhome Plastic Water Tap Faucet Wall Mounted with Single Spout

\$8.99

Quantity

[ADD TO CART](#)[BUY IT NOW](#)

Male inject connection, easy to install and use.

With an independent single water outlet and control handle, the outlet has its quick-connect parts, which can meet the needs of washing machine water pipe and connecting long hose, quick joint nozzle, etc.

PVC material, skid-proof, leak-proof, explosion-proof, low-temperature resistance (not suitable for long-term explosion and bear large impact).

The water out of the ball is not easy to block, increase the flow, and the water is large.

Suitable for kitchens, bathrooms, bathtubs, garden faucets, etc.

Specifications:
