PROLIFT is an environmentally-friendly product that is compatible with all professional tints, toners, and lighteners. When used according to the simple directions, PROLIFT will achieve the most beautiful haircolors in a fraction of their normal time, while leaving your client's hair in its best condition.

SAFETY WARNING: Wear suitable gloves, avoid contact with eyes and skin. If contact occurs, rinse immediately, obtain medical assistance for eye contact.

Caution: Keep out of reach of children. Store in a cool place away from heat and sunlight. Point bottle away from face when opening. Read and follow all usage advisories on inside and outside of hair color or bleach package.
