BUY IT NOW

Ambar Colored Contacts are ideal for brown eyes. They use light Ambar as a transition, connecting the yellow edge, which makes your eyes deeper and brighter. The iris features color flecks just like a real eye. The dark limbal ring adds the illusion of depth to give you an enhanced look.

With a finesse to change your eye color, we take you to an adventure of exploring different selves.

Thin to Blend

As thin as 0.04mm, Tintiris lenses are comfortable to wear.

With 0.1mm-thick typical lenses on your eyes foreign sensation can go significant.

Free to Breathe

Tintiris lenses' unparalleled breathability assures sustained moisture for your eyes.

Easy to Put on

Thanks to the ergonomic design, it's never been so easy to have our lenses on and off, even if you are wearing them for the very first time.

Safe to Wear

All our lenses pass rigorous safety tests and receive regulatory approvals. Feel home to have them on.

FDA CE

WE OFFER A ROCK SOLID 100% MONEY BACK GUARANTEE

We stand behind everything we sell. If you are not 100% satisfied with

your item has a manufacturing defect in its materials or workmanship, you can return it at any time.

♥Tips:

- Wash your hands before wearing, or removing your lenses.
- Insert lenses before putting on make-up, and take off lenses before removing make-up.

Distinguish Two Sides of Lenses

Correct Side Inside Out

How to Wear?

- 

Take out the lenses from the package, soak them in fresh multi-purpose solution for at least 8 hours.
- 

Wash, rinse, and dry hands thoroughly before handling the lenses.
- 

Place the lens on the tip of your index finger, check to ensure the contact lens is moist, clean and isn't inside out.
- 

Place the lens on your eye while looking upward, close your eye for a moment to allow the lens to settle.
