## About Us

Dunlap Bennett & Ludwig is a veteran-owned law firm with local presence and global knowledge that boasts over 75 attorneys who are licensed to practice in over 40 states and multiple countries outside of the United States. Our team prides itself on prioritizing and caring for our clients, not only offering a full array of business and estate legal services, but – more importantly – by establishing and investing in long-term relationships with the individuals and businesses which we represent.

## Our Experience

At Dunlap Bennett & Ludwig, we are not just your lawyers – our depth of experience includes lawyers who are also business owners, patent-holders, military veterans, commercial pilots, prosecutors, aerospace engineers, MBAs, and scholars. ## A Balanced Approach to Legal Costs: Value-Add Case Management

Our firm offers the high-touch service of a boutique law firm and the depth and expertise of a large name-brand law firm, without the exorbitant cost. We can do this because of our value-add case management approach, which means that we do not burden your case with unnecessary operational overhead or superfluous partner billing. We ensure that every lawyer who bills is focused on your matter and is constructively adding to the value of your case. Our team, at all levels, will be in the trenches on your case, delivering the highest degree of service with an efficiency that translates to lower legal bills and better outcomes. This balanced approach allows our firm to successfully compete – and win – against elite boutique law firms and big brand-name law firms while offering the best value and results for our clients.
