Welcome to MedFast Urgent Care

New Location in Downtown Melbourne, Florida

Melbourne, FL Urgent Care (https://www.medfastcare.com/urgent-care-centers/melbourne.html) is Open 7 Days a Week!

Quick, Urgent Care For Minor Emergencies

Coronavirus COVID-19 Testing

We are offering COVID-19 testing at our urgent care centers throughout Brevard County, Florida. Residents with symptoms related to Coronavirus, should immediately call us for testing. Call 321-MEDFAST (633-3278) for a phone consultation and more information on how to get testing.

Professional Urgent Healthcare, Without The Long Wait!

Almost everyone at one time or another, has ended up visiting a hospital emergency room for treatment of a minor emergency. In most ER's the experience is one of frustratingly long wait times to be seen, sometimes taking up to five or six hours in some busy ER's. On top of that, there are the extremely high costs associated with hospital ER visits.

We Treat Most Patients In Less Than An Hour

This situation has led to the recent development of medical Urgent Care Clinics as a sensible alternative for minor emergencies and other needs, such as physicals and lab work. Our doctors, nurse practitioners and physician assistants, treat most patients in less than an hour. Medfast Urgent Care Centers were established to serve these needs. All Medfast Urgent Care Centers are professionally staffed and fully equipped to deal with any minor emergency, but much more quickly and conveniently. In fact, the doctors, nurses and physicians at our urgent care walk-in clinics see and treat most patients in less than an hour. All of this is provided in an environment where you will always feel you receive personal care and attention.

Treating our patients with an above average level of respect and care is of the highest importance to our doctors and staff at our Urgent Care Centers. We understand how frustrating it can be to wait all those hours at the ER only to have the doctor finally see you, and spend five minutes or less with you. Our doctors truly care, and take the necessary amount of time to assess your situation as quickly as possible to ensure proper treatment that lets you know you are cared for.

Less Expensive Than Hospital Emergency Rooms

Because we have much lower overhead than huge hospitals, Medfast is less expensive than hospital emergency rooms. You really can beat the high cost of healthcare at Medfast Urgent Care Medical Centers. As one of our patients you get your money's worth for visits, tests, and procedures. Our Medical Centers are well equipped and prepared to handle a wide variety of minor emergencies and non-life-threatening illnesses. We offer laboratory testing on site, along with x-ray, urinalysis, EKG's and Respiratory Testing. No need to go to the ER and suffer through those dreadful wait times, let our doctors care for you in your time of critical need. Our centers also are equipped to handle a variety of minor procedures on site.

MedFast Provides Fast, High-Quality Treatment

When you have a minor emergency, work related injury, or simply need a physical, MedFast Urgent Care Clinics will suit your needs quickly, professionally and affordability. Medfast Urgent Care Centers can save you valuable time and money. Our goal is to provide affordable, professional urgent healthcare. With our convenient hours, there's no need to leave work early or arrive late because of a doctor appointment. So call or come in today to a location nearest you, we have multiple facilities throughout Brevard County.

The doctors and staff here at Medfast Urgent Care Centers understand that emergencies happen. Symptoms of illnesses don't wait for 'regular' business hours, they strike at inconvenient times. That's a main reason our centers offer extended hours 7 days a week. Emergency Room visits can sometimes take longer on weekends, no need to get stuck waiting a long amount of time for care and attention you deserve in less than half the time. We pride ourselves on offering exceptional care to the community, come see our medical providers. We're ready to serve you.

We are open seven days a week, from 8:00 am to 5:00 pm to serve your healthcare needs and can treat the following:

- » Minor Emergencies
- » Employment Physicals
- » Work Related Injuries
- » Lab Work and Other Procedures
