RENDEZVOUS

YOUR SMALL GROUP WITHIN A GROUP

Travel with your own small group on a Rendezvous, weaving in and out of a scheduled trip with other guests. With an extra Trip Leader and support van, your small group has even more flexibility to tailor your experience.

All Backroads trips are about choice: each day you decide which of the various options best fit your pace and style. But we know sometimes you want even more flexibility—to sleep in a little later, or explore a bit further, or check out a sight you’ve always wanted to see. So we’ve created a way for you and a few companions to have an incredible active vacation while doing just what you’d like to do *and* still enjoying the guest camaraderie of the core trip. **Introducing Rendezvous.**

WHAT DEFINES RENDEZVOUS

It’s easy. Just rally a group of friends or family (up to seven in Europe, nine in North America) and tell us where and when you’d like to Rendezvous, choosing from thousands of travel dates. We’ll set you up with a dedicated Trip Leader, your own support van and an even more flexible itinerary so you and your companions can do your own thing—while benefiting from all the fun, planning, logistics and legendary service of a core Backroads trip.

You decide what each day holds. Maybe an extra-long ride or hike. A visit to a less-known museum. A round of golf (which you arrange) on a renowned course. Some serious shopping or gallery browsing. A late lunch at the little bistro on the village square. Whatever appeals. Rendezvous
