★★★★★ A Professional Installer's Review

Reviewed in the United States on March 7, 2020

As a phone repair business owner I've installed hundreds, if not thousands of screen protectors, this kit was by far the easiest to use. The easy installation tool enables me to have perfect placement every time, saving me a lot of time and money in the process. If you want a screen protector, but don't want it to come out looking like a mess get this kit.

Great product.

Came Really Fast.

Installation was really great, as the product came with an installation tool.

It looks awesome on my phone. Way better than any other glass I tried.

Awesome job, Motyk.
