## WIENOLOA Electric Can Opener, Handheld One Touch and Go Professional Can Opener, Smooth Edge Automatic Can/Tin Opener, Restaurant Can Opener

Brand: WIENOLOA

### Available from these sellers.

- Our electric can opener is made of durable, safe and solid ABS and alloy steel. The blade cuts along the side of the lid without touching food inside. Innovative side-cutting system removes the top of any can and creates a resealable smooth edge lid.
- The handheld one touch can opener only effortlessly open cans any size by pressing of the gray button and stop by pressing one more. As comfortable to hold as it is easy to use. Perfect for all people and super convenient.
- The smooth edge automatic tin opener is approximately 6×2×1.1 inch. Small in size, light in weight, and easy to carry and does not take up space. 2×AA batteries (not included). Wipe with a damp cloth to clean, please note that Do Not Rinse The Battery Part.
- The restaurant can opener can be used for opening cans in any occasion, restaurant, family, travel, etc. Simple, convenient and hygienic. Meet your multiple needs.
- WIENOLOA electric can opener provides customers with quality service: We are committed to the best customer service. If you are unsatisfied, contact us. You will receive a 100% satisfactory solution and a lifetime guarantee.

### Product description

#### WIENOLOA Electric One Touch Can Opener (White)

With just one touch to start and stop whenever you want, the Electric Can Opener automatically opens your cans in seconds. The small but mighty opens any size can's lid whether small, medium or large--and it cuts from the side so it doesn't leave any sharp edges.

#### FEATURES:

- \*One touch start and stop feature for hands-free opening.
- \*Automatically open cans in seconds, operated by 2\*AA batteries (Not included).
- \*Sleek, low profile design for easy storage. ABS, TPE, Stainless Steel materials.
- \*Cuts from side of can without leaving sharp edges, lid will never falls into can and touch on food.

#### HOW TO OPERATE THE CAN OPENER:

- Step1 - Place the Can Opener on top of the can with its rim positioned in the groove between the Cutter and the Drive Wheel.
- Step2 - With the can on a flat surface, press the Button for about one second and release, then the Can Opener will start cutting the side of the can.
- Step3 - When the cutting has completed, the can opener will stop automatically and the gear will come off the tin. If not, press the reverse button at the back.
- Step4 - Make sure that the cutter resets to the start position and the motor stops. Then, lift the can opener off the can.

#### NOTES:

- A. If batteries are depleted, the can may not be released by pressing the button. Slide back the Battery Door and replace 2 AA batteries. The Can Opener should continue the cutting. Remember to replace the battery.
- B. Cans with heavy seams and uneven rims may stall the Can Opener. If this happens, follow above procedure to release the can.
- C. If the can is get stuck, please press the white button on the top of the can opener.
