- **[Healthy Material]** The electric tea kettle is made of food grade glass and 304 stainless steel, the borosilicate glass having very low coefficients of thermal expansion, making electric kettle resistant to thermal shock
- **[Auto Shut-Off & Boil-Dry Protection]** The British Strix thermostat technology enables the iFedio electric kettle to automatically shut off within 30 seconds after the water is fully boiled; boil-dry protection automatically turns the hot water kettle off when there is no water in the tank, making it safer to use than a traditional electric kettle
- **[Fast Boiling & LED Indicator]** Electric Tea Kettle With 1500 watts, the glass electric kettle can boil up to 1.7 L water in 3-7 minutes, allowing you to enjoy tea, pour-over coffee, pasta, oatmeal, milk powder and more. Different color for indicating different temperatures: 120°F (green), 160°F (blue), 175°F (purple), 195°F (light green), boil-212°F (red)
- **[Wide Opening & Easy to Clean]** The iFedio electric kettle has a wide 4.3 inch (11 cm) opening easy for filling and cleaning, and it's large enough to easily perform any wipe-down of the iFedio electric kettle's interior walls or stainless steel bottom
- **[2 Hours Keep Warm & Cordless]** The hot water kettle can keep warm for 2 hour after you select the temperature, and the electric tea kettle will shut off automatically and all the indicators will turn off. The cordless design allow you to lift up the electric tea kettle from the 360° swivel base and take the water boiler wherever you want, making it easy to pour or clean
