Bathroom Towel Rail Stainless Steel Foldable Rack Shelf & Hooks M&W

The Maison & White Foldable Bathroom Towel Rail is a stylish and practical storage solution for any modern bathroom. The aesthetic and practical stainless steel construction ensures strength and durability throughout the towel rail. The rust proof steel is the perfect material for wet or damp towels, as it will not oxidise or lose rigidity over time. The foldable design is ideal for any small bathrooms or en-suites as when not in use, you can fold the drying rack and storage shelf flush with the wall to maximise your space. The 4 hooks are perfect for keeping your dry towels hung up and when wet you can fold down the shelf and drying rack to maximize the surface area of your towel so they dry faster.

SPACE SAVING

The space saving design minimises the impact of drying towels in your bathroom, make draping your towels over the side of your bath a thing of the past, without impacting your bathroom floor space.

STRONG & DURABLE

Made from stainless steel the towel holder is rust proof, durable and strong. This makes it the perfect material for a bathroom environment; drape heavy, damp towels over the rack to dry without worrying about the strength or durability of the construction.

WALL MOUNTED

Included with the towel rail is all the mounting hardware you will need along with stylish chrome caps so there are no exposed screw heads.

Specification:

- Size: 59cm (Length) x 32cm (Max Height) x 24.5cm (Max Width)
- Material: Stainless Steel.
- In the box: 1x Maison & White Bathroom Towel Rail. Wall mounting hardware.
- 2 year guarantee.
