supported by

- dharmalogos** Outstanding thrashy but melodic classic metal for fans of Spirit Adrift and Traveler. Improved production over other recent Haunt albums. You'll want to sing along to this.
- anthropomorphiccaxe** The 'maestro' does it again. For the people complaining about so many releases...Trevor is giving us one helluva discography to sit-on...when he finally decides to move on. Until then...enjoy the amazing music being imparted to us...HAUNT the nation, and world! 🙌⚡🤖 Favorite track: Triumph.
- DwayneEldredge** Love it and I knew I would! One of my favorite "bands" and I'll continue to click "buy" everytime Trevor releases something. Favorite track: Callouses.
- rlopez77punx** Keep making music Trevor, we love it! Especially now, the artists have our support.
- bobnoxious23** 3 albums in one year, and all three are great. Favorite track: Fallen Star.
