### Description

## PLAPOOM HAND TOWELS

#### Extra Soft

Made of 100 Cotton

A nice selection of combed cotton

Dense terry-looped design for super soft

Deep pile created with thin yarns

They were weaved from high quality combed cotton with tinier stitches and thinner yarn. A tenth of a pound of cotton makes more than 30 strands of yarn, which means they are more absorbent.

Long loops - The length of the individual loops increases the surface area of the towel, more surface area equals more absorbency.

**Quickly Dry**

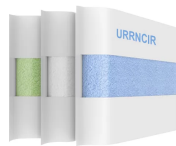

These hand towels will drying your hands within several seconds after washing hands.

The medium thickness is not too thick nor too thin that they will drying quickly.
