#### Description

## MOLLADY Mini Massage Gun

**AI Chip** - AI Chip is engaged in improving the speed accurately and steadily, and lowering the noise.The sound would not exceed 35dB.

**4 Replaceable Massage Heads** - The percussion massager is equipped with 4 different shaped massage heads, which can help the user to

relax different muscle tissues.

**Adjustable Intensity** - MOLLADY's Mini Massage Gun has 4 speed strength levels, which allow you to get the right and appropriate amount of pressure to relieve your muscle pain.

**Deep Tissue Muscle Percussion** - MOLLADY's Mini Massage Gun emit 1800-3200 strokes per minute, 3200 strokes per minute at the most powerful mode to more deeply percuss your muscle than others.

**Rechargeable High Capacity Lithium Battery** - The massager is equipped with 2500mAh high-quality lithium battery, and the battery life is long. The 11.1V Li-ion battery of the average running time is 5 hours.

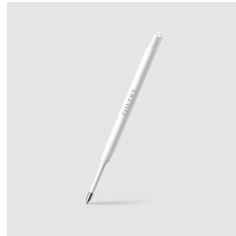

**How to use :**

First make sure to start the vibration before you start the massage. When using it, follow the direction of the muscles, so memorize the anatomical structure of the muscles you want to relax. Then choose different tips according to your relaxing part. Our principle is to push hard and move slowly, such as hitting a dozen times and then moving, the distance of each movement is very small.
