Description **Reviews**

Dense man-made fibers: more fluffy and softer than ordinary fibers. The professional brush shape can perfectly mix and apply creams, powders and liquids. Soft, durable enough, no shedding, less pigment deposited, ensuring even application. Enjoy this wonderful makeup process.

High standard handle: Combining high quality wood, customized logo and champagne gold card holder, we will provide you with the best product experience. Non-slip, no cruelty, easy to hold for a long time. Perfect for sweaty hands.

With protective cover: includes a protective cover for storage and carrying convenience. It is recommended to clean it with mild soap at least once a month. You need to wash your eyes and foundation brushes every week.

Ideal Christmas gift: It is recommended to wash before the first use. In addition, if you use the brush every day, it is best to clean it once a week.
