### Product description

As a parent, the safety of your child is your first priority. Please rest assured, our tableware can only use the safest plastic. This means your child can use it with confidence.

Use this fork and spoon to place the building blocks in the proper position to increase your finger strength and control your fingers! As your children support themselves, they will develop fine and rough motor skills and set them to color, draw and write in the next few months!

Between the bottle, bib and blanket, you have enough clean. These dishwasher-safe spoons and forks will not increase your workload! To clean, just put them in the pot with your plate or boil for 2 minutes.
