- **EXTENDS MAKEUP WEAR FOR HOURS:** A setting powder is designed to keep foundation, blush, and all other makeup in place. Without this powder, your look may wear out after a few hours. Our translucent finisher has a special formula that protects and maintains your makeup for up to 16 hours or more. It continuously absorbs excess oil produced throughout the day, keeping your face fresh and shine-free even with minimal touch-ups in the powder room.
- **NO SMUDGE & TRANSFER RESISTANT:** You wouldn't want your makeup to stick to someone else's face as you lean in for a kiss or hug, would you? That won't happen with our translucent setting powder. Just give it a few seconds to set on your entire face and you can rest assured that your makeup stays where it is supposed to. The powder itself won't transfer to your collar, your handkerchief, the table napkin, or other people's cheeks.
- **WON'T CAKE OR CREASE:** Fine lines and blemishes are no biggie when it comes to our setting powder. It fills in any line or wrinkle effectively, giving the appearance of a silky-smooth, flawless surface. This loose powder won't settle in a single spot. It won't cake up and crack as you move your facial muscles. The powder blends well onto your skin and foundation and stays there. It works on liquid, powder, cream, and oil-based primers.
