It's stronger and thinner and everything fits

Reviewed in the United States on October 28, 2020

Carbon fiber is in marvelous material. It's super strong yet super light. I've been wanting to gift this to my husband & now was the perfect opportunity. He loves his new wallet. It's amazing how bulky the old one was with everything in it and now everything transferred to this and it's so much slimmer! Even the chiropractor said sitting on a bulky wallet in your back pocket can cause back pain but no problems with this because it's so much thinner.

I LOVE IT!

I used to have one of those old-fashioned leather wallets, and over time it just became very bulky. I was looking for slimmer wallets and I loved the Ridge Wallet design, but felt that it was too expensive just for a wallet. I came upon this, and it's literally perfect! The cards are securely held in the wallet and I feel that there is no risk of them falling out. The cash clip also seems very strong, and would require more than a simple "brush" to take the cash out.

Definitely better than normal wallets

I loved this small, compact and cool minimalist wallet. You do not even feel that you have your wallet with you. I have 8 credit/debit/ID cards in total in this wallet and I am pretty sure I can add more. It is worth the money.

a nice wallet that doesn't break the bank

I have seen ads from new york times for a similar wallet. It looks really nice. I wanted to buy one but it's super expensive. Then I saw this one. This is same nice but it does NOT cost a leg and an arm! The package is very nice. Product is well built. and it does change a big fat traditional wallet to this slim style wallet. It's a cool product with a cool concept. I like it!

Great small wallet if you need a compact wallet.

Reviewed in the United States on September 9, 2020

Wallet is a perfect compact size. The money clip is a bit hard to pull back to put the money in but it's not super difficult. I replaced my wallet with this one as it is exactly what I wanted in a wallet. If you need a cheap and nice feeling wallet I totally recommend this one, but if you have a bigger budget there would be better ones.

Easy to use and great design

Reviewed in the United States on September 14, 2020

I like most about this product is that it's very easy to use and it's design. Also it's really easy to carry some important debit/credit cards and ID with some cash when going out rather than carrying big wallet. I recommend this to everyone and assure that this is great product without any doubt.

Thank you .
