Keep your data, personal information and identity safe and secure during travel or work. We are very serious with our customer's personal security, which is why our wallet comes with cutting-edge Rfid protection, which effectively prevents thieves from electronically accessing your personal and financial information by interrupting the radio waves of the scanners.

Supple, Genuine Cow Leather: Because You deserve the best in quality craftsmanship, our wallet is made from premium leather, which is equally luxurious as it is long-lasting. Over time your wallet will soften, mold perfectly to your pocket, build character as it ages. Please note that often a new leather items feel stiff & tight and your new leather wallet too might feel bulky,card slots not as flexible.This is normal & with use your wallet will feel softer,fold better & feel slimmer
