...which is 100% appropriate in these effin' times. Great artwork and illustrations, and the calendar/planner is set up very well. I like that it's undated. The book itself is very nice quality. I definitely recommend this book for you or others in your life with a good sense of humor.

★★★★★ Beautiful and crass...I love it.

Fits my personality and completely appropriate for what we've been through this year and I'm sure the next isn't gonna be great either. At least I'll look like I've got it together when I'm scheduling telehealth and teleschool and teleparties.

Quality paper that won't easily bleed through. Blank dates so I can use it as I need it without leaving blank gaps for unused dates. Plenty of room for planning with loads of Effin Birds in between!

Love it completely but the corner was pretty banged up so that's the only reason it's 4 stars
