- HOUSEHOLD COMMERCIAL INDUSTRIAL USES-Our multi-purpose spray bottles can be used for household cleaning solutions, lawn, and garden, ironing, car detailing. They are bleach, vinegar, and rubbing alcohol safe.
- PREMIUM MATERIAL & BIG CAPACITY: Our 16-ounce spray bottles are made from absorption resistant HDPE plastic, refillable and reusable, safe for use with all types of cleaning solutions.
- 3 MODES ADJUSTABLE NOZZLE: the plastic spray bottle can be easily adjusted from a fine mist to a stream and the extended suction tube gets every last drop.
- POWERFUL TRIGGER with LOCK DESIGN: The trigger fits your hand comfortably, and it can be pushed up to lock it against water leakage, prevent accidentally spraying.
- WHAT YOU GET: 2 pack 16oz/500 ml empty spray bottles, our 12-month worry-free after-sale customer service.

★ What is HDPE? ★

HDPE stands for High Density Poly Ethylene, is a thermoplastic polymer made from petroleum. Known for its outstanding tensile strength and large strength-to-density ratio, HDPE plastic has a high-impact resistance and melting point.

★ Why HDPE is corrosion resistant? ★

Polyethylene is an inert material and its molecular structure is extremely stable thus it is resistant to corrosion by various chemical media.

★ Why choose our HDPE spray bottle? ★

- (1) With the measurements on the body, you can mix the different solutions more accurately and conveniently.
- (2) With the screw neck for leakage proof, no-spill causing when the spraying bottle shakes or lays down by accident.
- (3) With the adjustable nozzle, the modes of "off", "fine mist" and "solid stream" can be changed easily.

- (4) With the all PP nozzle without metal spring, the sprayer is more durable and corrosion-resistant.
- (5) The hose of the nozzle goes all the way to the bottom of the bottle, which ensures that you are able to use the entire contents of the bottle.

★ Kind Reminds ★

- (1) Please make sure the nozzle is connected with the bottle correctly and tightly in order to avoid leakage.
- (2) DO NOT sterilize the bottle by boiling which will lead to softening.

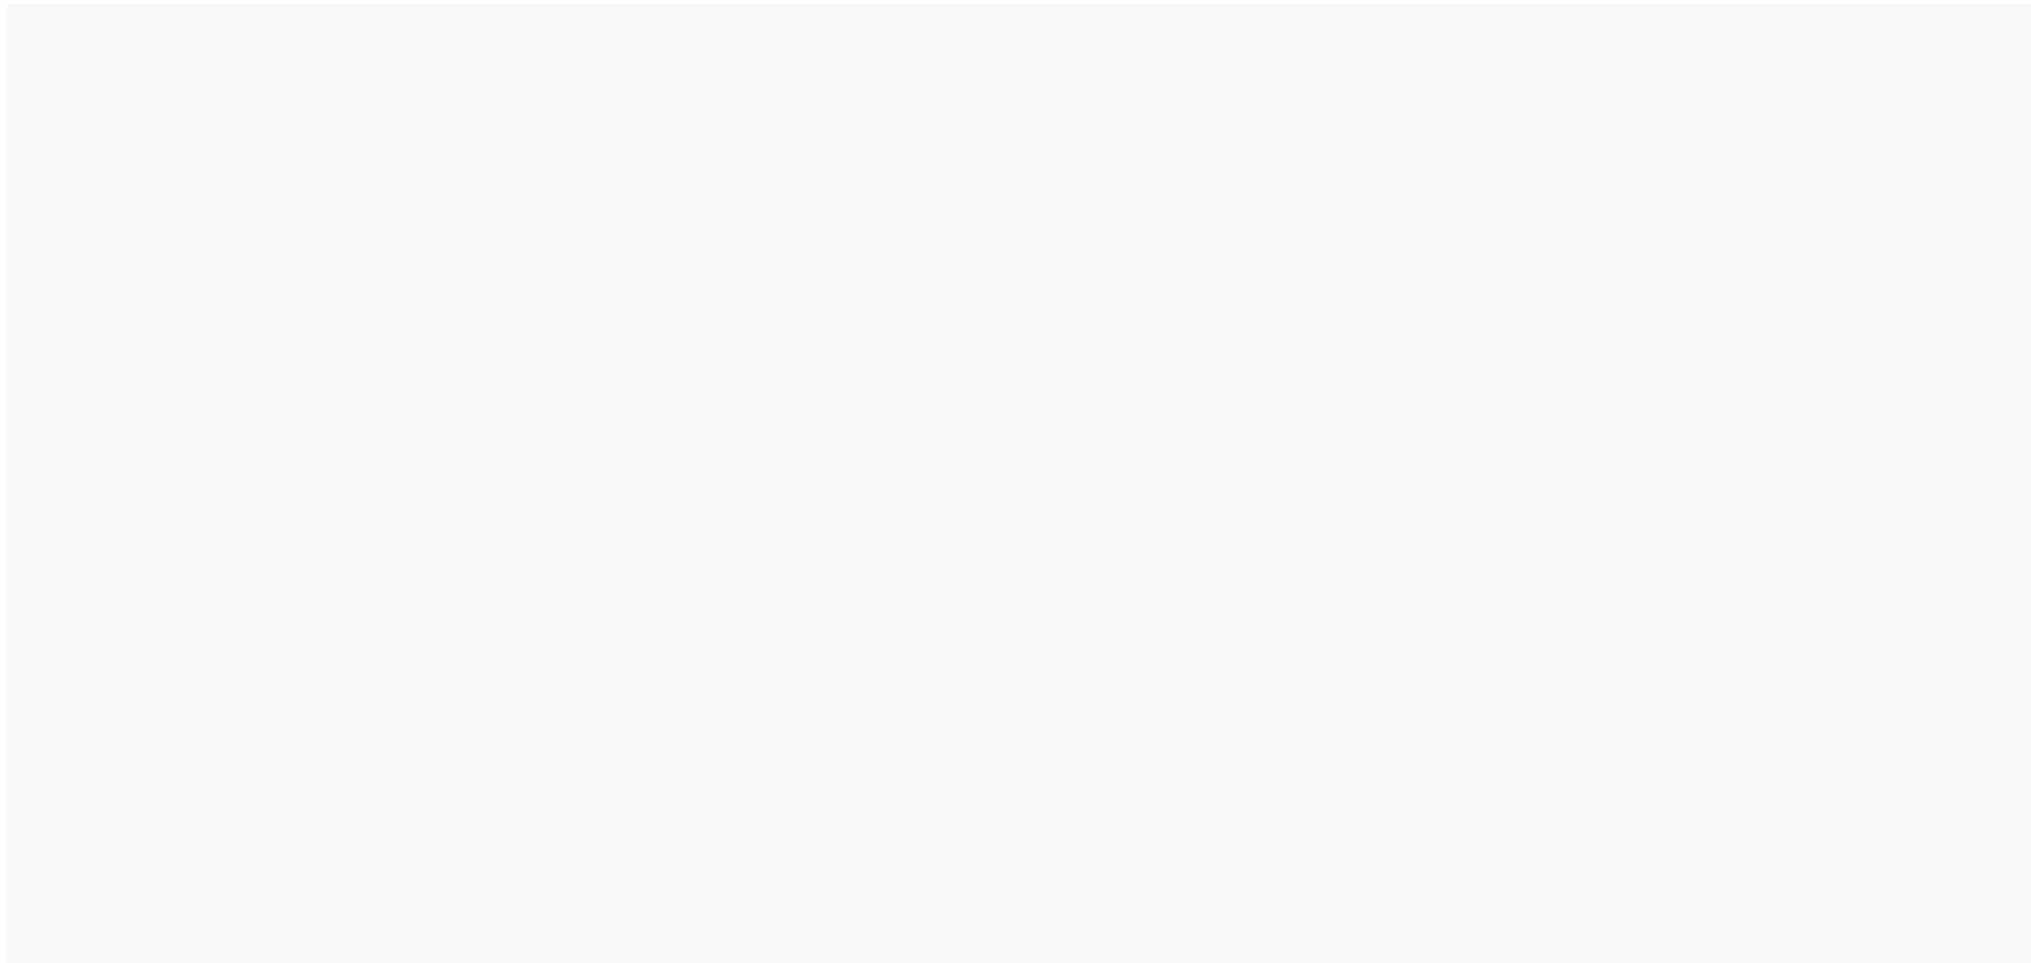

★ Package Includes ★

2 * 500ML spraying bottle (empty)
