Description

Brand:GAIIZAX

Your spinning top will forever remain a timeless, elegant piece of art that will be loved by you and your children's children

Every top is checked for perfection. Tops are precision-machined using only the purest metals and alloys from around the world. Only the finest tops receive the ForeverSpin™ seal

According to recent studies, fiddling with items at your desk can aid in thought process and improve productivity!

We all love to challenge ourselves. Beat your own spin times or, better yet, compete with your friends for pizza or drinks
