DESCRIPTION REVIEWS

[Solar charging, long working hours] Different from the other 8 LED lights, our solar disc light is composed of 10 LED lights, which means your road will produce more light. After charging for 4-6 hours, it can light up for 8-10 hours. Working hours depend on the weather)

[Advanced protection and advanced lighting] Stainless steel lamp housing is used as an alternative material, strong enough to withstand bad weather, and has a standing height of 100KG.

[Auto-off] The solar ground light automatically turns on in the dark or night, and turns off automatically in the day or bright area. Add perfect lighting to your courtyards, gardens, sidewalks, terraces and corridors, and roads.

[Easy to install and waterproof on the ground] Turn on the switch under the cover and push the stake into the soil. Adopt IP65 waterproof design. Don't worry about heavy rain, heavy snow, frost or sleet.
