## Description

Brand:FORFOXY

One of the world's most universal and enduring strategy games will keep you and the kids entertained for hours. Fun for the entire family, Chinese Checkers can be played by two, three, four, or six people, playing individually or with partners. Everything you need is included in the box: Hardwood playing board with 6 different colored sets of safe, lead-free painted pegs (blue, green, yellow, white, black, red), a cloth pouch to hold all your pegs and instructions.

Chinese Checkers universal appeal is legendary because it's fun, exciting and easy to play. Rules are simple, so even young children can play and feel empowered, especially facing off against friends and family. The game becomes more dynamic when you play with more than two people. Great for family challenges with mom, dad, sister and brother, and grandma with plenty of room for friends too!

Perfect for the kids to bring to their friends' house or on road trips to play in the back of the car, on trains, picnics or in the backyard. Its small enough to slip into any carry bag. Made of wood it is durable for travel and it can take the knocks and bangs. A small pouch holds all the pieces so you don't misplace them.
