Description

[Reviews \(1\)](#)

- [Convenient and Easy]: With a Aluminum Silver Carry Case, you could bring it outdoor conveniently. Headless Mode, Altitude Mode and One Key to Take-off / Land function make easier access to kids or beginners.
- [Wider Vision & Fluent Transmission]: 1080P HD camera with 120° FOV and 75° adjustable wide angle helps to capture clearly photos and more stable videos. WiFi camera provide you faster but clearer image transmission.
- [Safer & More Stable Flight]: Equipped with Dual GPS, drone will stand still in the wind and automatic return home when it is with low power or weak signal or lost.
