DURABLE ALL-IN-ONE CAR SEAT: The all-in-one reclining car seat has been infused with the innovative EasyClick LATCH system, which easily ratchets to achieve a tighter installation that produces a wiggle-free seat.

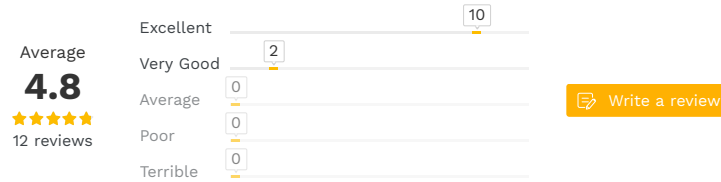

CUSTOM CRADLED FIT: all-in-one car seat features a proprietary in-seat reclining feature that provides enhanced support by comfortably angling your child to minimize head slump while helping keep her airway open.

INFANT + BOOSTER + CONVERTIBLE: Our all-in-one car seat is a complete 3-in-1 child car seat. It's a rear-facing harness, forward-facing harness, and belt-positioning booster that delivers a secure and safe ride for up to a decade.

ADJUSTS FOR MULTIPLE POSITIONS: Our all-in-one car seat features a no-rethread harness, which can easily adjust the harness fit. It also can adjust to multiple positions without having to extend the seat or cramp other passengers.

★★★★★ 13 days ago

Well padded

Looks comfortable but toddler's head sometimes falls forward when napping

Worth the money. Easy install.

The manual made me think I was going to need an engineering degree to install this car seat...I didn't and it turned out to be quite simple to install. My niece appears to find it l very comfortable and I feel confident that she's safe in it. Recently purchased a 2nd one to gift her parents.

Ratchets!

Love that this ratchets into place! It makes it so easy to move from one car to another. We have THREE of these. Will never buy any other kind!

Great seat, minor issue (I think)

Love the seat. Only issue was the seat did not want to click in certain recline settings. Once I finally got that sorted, we were good to go. I just hope that issue doesn't come back to haunt us.

Safe and Long Lasting

Very sturdy and safe, love the ratchet install. Very heavy though and difficult to transfer.

Great installation!

Best purchase of all time! The installation is probably the best part of it so simple and gets very tight!
