I am quite nervous buying pillows, having had bad luck in the past. These are amazing. They came immaculately packaged. Regained their shape within seconds. I had the best nights sleep ever. My old pillows I would constantly rearrange for neck support. The ones from My Pillow( do not buy) were like sleeping on pebbles. After buying these I have thrown all my old pillows away and am purchasing these as replacements. Ignore the bad reviews on these, they are great!

Best pillows I have purchased to date.They were vacuumed sealed and started to expand once opened. I have let them sit before using to come to full thickness. Slept on them the past few nights, really love them. Incredibly comfortable,

not too high and stiff to cause neck problems and not too soft that there is no support. Considering buying a second pair.
