

[TWIST is an independent brand & design agency fighting for market challengers & disruptive causes.](#)

Hello. We are the Fearless Thinkers. we are celebrating 20 years of helping brands and causes impress the world.

In a typical business climate, we're a brand agency fighting and winning for challenger brands. Like other small businesses across our nation, TWIST has joined the fight against COVID-19. We've dedicated a portion of our resources to building Cleveland-focused public service and public health communication campaigns, a shop that raises money for local relief efforts and a free webinar and workbook to help small businesses pivot through crisis.

Love & Big Ideas for Cleveland Brands and Causes.
