I really love this word game! This is a respectable app. It does not try to suck every cent out of you. You can earn rewards to get help with your level. Hi Lisa. We thank you for your precious feedback which may help with our game design. As for the dictionary, please do not worry about that because we are now working on enlarging it gradually. And for the Ads, we're sorry for the loud ADs but we cannot lower down the volume of ADs on our side. Please kindly try to turn down the phone(tablet).

Download this app now. Don't wait and see, this is fun, gives points for words you find that are not on the crossword. You will start easy then get harder and soon get to what hooked you on the ad. Developers did a great job creating this game.
