

Vaccine Passport™ - Digital Vaccination Record

As part of our commitment to helping individuals and communities resume school, travel, events and other activities safely, we are proud to offer the Vaccine Passport.

Powered by the Change Healthcare Platform and aligned with the Vaccination Credential Initiative, the Vaccine Passport is a digital solution that empowers consumers to access vaccination records at any time.

See how we're empowering individuals to get a secure digital copy of their immunization credentials.

records in a secure, verifiable and privacy-preserving way.

- Coalition partners include CARIN Alliance, Cerner, Change Healthcare, The Commons Project Foundation, Epic, Evernorth, Mayo Clinic, Microsoft, MITRE, Oracle, Safe Health, and Salesforce.
- The coalition is developing a standard model for organizations administering COVID-19 vaccines to make credentials available in an accessible, interoperable, digital format.
- Trustworthy, traceable, verifiable, and universally recognized digital record of vaccination status is urgently needed worldwide to safely enable people to return to work, school, events, and travel.

January 14, 2021 07:00 AM Eastern Standard Time

NEW YORK--(BUSINESS WIRE)--A broad coalition of health and technology leaders today announced the creation of the Vaccination Credential Initiative (VCI), committed to empowering individuals with digital access to their vaccination records based on open, interoperable standards.
