long	24 Cm
width	18 Cm
high	10 Cm
volume weight	970.71 g

Our mission is to provide all children with the best quality and comfortable shoes. Our shoes feature delicate children's shoes that are more delicate and different from adult feet. Our high-quality materials and flexible soles provide them with extra support and promote foot health. Every style we design is designed for fun, fashion, comfort and high quality. Children like adventure and hope to be active all day long and move around. Your child can walk more than 10,000 steps a day in school, while most adults only need 2,000-5,000 steps/day to work in the office. We want to make sure that every step your child takes is steady and comfortable, and every step is with you. Sole Material:

Rubber

Sealing type: Zipper Lace-up design provides \* fit side zipper. Easy to put on and take off, super soft insole, comfortable all day. Round toe, side zipper design, front tie

Snow and water resistance is very suitable for children in winter and rainy days. We continue to incorporate ever-changing feet and current fashion trends into our designs, and change the trendy shoes every season. Every change we make is to ensure that your child is more stable and balanced at every step. Upper material: durable synthetic PU: man-made material gives leather a similar look and feel, easy to clean (wipe with a damp cloth). Our high-quality PU leather can keep children's feet dry and clean even in rugged weather such as rain or snow.

Insole: Our soft and breathable insole provides sufficient support for children's growing feet while keeping their feet dry.

Side zipper design: The side zipper can help children put on and take off these boots by themselves
