These stainless steel martini picks are great for hors d'oeuvres, snacking, hosting, cocktails, and can stylishly replace a toothpick for basically any function other than lighting a flame.

Dishwasher safe, sturdy, stylish, and just plain better than toothpicks for virtually any purpose.

Made of durable stainless steel

Sold in quantities of 5 per order

As a special thank you, we also include complimentary cocktails picks with Inspire Hardware orders.

What Our Customers Are Saying

“ ★★★★★

Would 100% recommend this site and will be ordering from them again in the future

I ordered some knobs for a coffee table I was refinishing them. They didn't match quite like I thought they would with the table but I LOVED them so much I decided to order more and use them to replace the knobs on my desk. They are more beautiful than pictured, great quality, excellent condition, arrived very quickly even with all of the shipping delays we are struggling with these days and the customer service was amazing - they proactively sent emails to thank me for my order and update me on status etc! Would 100% recommend this site and will be ordering from them again in the future "Sunburst brass cabinet pull

“ ★★★★★ Finally! A company that understands the importance of finding just the right embellishments for your home without compromising quality! Not only did Inspire Hardware assist us in selecting just the right pieces for our cabinets but the final product we chose is durable and doesn't feel like just another "off the shelf" purchase. The quality is apparent in each handle and we feel confident they will be able to take the abuse of our guests (ha!) while maintaining the exact design we had in mind for the space. Highly recommend this company/brand!

“ ★★★★★ I bought the the frond satin brass pull to install in a set of nightstands and they look beautiful! High quality, very unique design and fast shipping. I will buy again from inspire hardware for my future projects.
